Lightning smokes on the hillrise
Brought the man with the warning light
Shouting loud, "You had better fly"
While the darkness can help you hide

Trouble's coming without control
No one's staying that's got a hope
Hurricane at the very least
In the words of the gypsy queen

Sign of the gypsy queen
Pack your things and leave
Word of a woman who knows
Take all your gold and you go

Get my saddle and tie it on
Western wind who is fast and strong
Jump on back, he's good and long
Well resist till we reach the dawn

Running seems like the best offense
Staying just don't make any sense
No one could ever stop it now
Show the cards of the gypsy town

Sign of the gypsy queen

Pack your things and leave
Word of a woman who knows
Take all your gold and you go

Shadows moving without a sound
From the hold of the sleepless town
Evil seems to be everywhere
Heed the spirit that brought despair

Trouble's coming without control
No one's staying that's got a hope
Hurricane at the very least
In the words of the gypsy queen

Sign of the gypsy queen

Pack your things and leave
Word of a woman who knows
Take all your gold and you go

Sign of the gypsy queen
Pack your things and leave
Word of a woman who knows
Take all your gold and you go

Sign of the gypsy queen
Pack your things and leave
Word of a woman who knows
Take all your gold and you go
