All alone, wondering what to do
It's your birthday now, the first time without you
I pray to God that you still love me and care

I'm losing my mind, you were only a teen
When you walked out that door and slammed it in my
face
You never and still never even talk to me

But I still welcome you with open arms
Yes I pray for you with unclenched fist
Yes I'll listen to you with open ears and mind
All I want, I want, I want
I want you back

Falling apart, people ask me questions
"Well what happened and where did your child go?"
I try to cover it up but the cover disappears
Yes I fall to my knees in tears

But I still welcome you with open arms
Yes I pray for you with unclenched fist
Yes I'll listen to you with open ears and mind
All I want, I want, I want
I want you back x3

Welcome you
I want you back x4
