How can you manage it  
Without friends or family  
I can't believe you're still alive  
I'm not here to ask you a question  
I'm here to ask you why

Scream out, Scream out  
Shout your throat out  
You can run up to the top  
Scream out, Scream out  
From this big mount  
You can run down if you want

Well I don't know  
What you want to hear  
From me or someone else  
We both know  
That it's not good to be left alone  
We should try to work it out

Scream out, Scream out  
Shout your throat out  
You can run up to the top  
Scream out, Scream out  
From this big mount  
You can run down if you want

I know that you try to find the one  
That makes you alright  
But until then I need to take you away  
On a trip to a place  
That I'd like to call  
The mountain of fate

Scream out, Scream out  
Shout your throat out  
You can run up to the top  
Scream out, Scream out  
From this big mount  
You can run down if you want

Scream out, Scream out  
Scream out, Scream out  
Scream out, Scream out  
Scream out, Scream out

Scream out, Scream out  
Shout your throat out  
You can run up to the top  
Scream out, Scream out  
From this big mount  
You can run down if you want

Scream out, Scream out  
Shout your throat out  
You can run up to the top  
Scream out, Scream out  
From this big mount  
You can run down if you want
