### "All Things Are Possible"

Visit "[All Things Are Possible](#)" on [MotoLyrics.com](http://MotoLyrics.com)

There's so much more  
For those who won't settle  
There's so much more  
For those who get in the battle  
There's so much more  
For those who don't waiver  
There's so much more  
For those who know God is greater

He said, if we believe,  
Then we will speak  
And mountains shall crumble.  
And He said, if we believe,  
We will receive.  
All things are possible.

There's so much more  
For those who won't settle  
There's so much more  
For those who get in the battle  
There's so much more  
For those who don't waiver  
There's so much more  
For those who know God is greater

And He said, if we believe,  
Then we will speak  
And mountains shall crumble.  
And He said, if we believe,  
We will receive.  
All things are possible.

There's so much more  
(There is more)  
For those who will press in  
There's so much more  
For those who enter into resting  
There's so much more  
For those who keep praying  
There's so much more  
For those who say what He's saying

He said, if we believe,  
Then we will speak  
And mountains shall crumble.  
And He said, if we believe,  
We will receive.  
All things are possible.

All things are possible  
All things are possible  
Cause He said  
All things are possible  
For those who believe  
All things are possible with Jesus  
All things are possible  
(You can do anything)  
All things are possible  
(All things, trust and you'll see)  
All things are possible  
All things are possible  
All things are possible  
All things are possible
