Jesus You are worthy
Of all honor and glory
You've gone before me, secured me
I'm safe in the hands of my God

The Lord strong and mighty
Fighting for me
Conquering You reign
You died for my sins
Raised from the dead
Victorious King

Victorious King, almighty God.
I'm shouting Your name and Satan cowers at the
sound.
Victorious King, undefeated, triumphant and exalted.
Jesus the Christ, Son of God, victorious King!

I will fear no evil
For You have no equal
And when I run into battle
I won't get rattled
The battle belongs to the Lord

My enemies may rise up
But they end up
Fleeing seven different ways
In Christ I win again and again
Victorious King

Victorious King, almighty God.
I'm shouting Your name and Satan cowers at the
sound.
Victorious King, undefeated, triumphant and exalted.
Jesus the Christ, Son of God, victorious King!

The glory of the King is to rule and reign
The victory that He gives is the worship that I bring,
It's the worship that I bring

Victorious King, almighty God.

I'm shouting Your name and Satan cowers at the
sound.
Victorious King, undefeated, triumphant and exalted.
Jesus the Christ, Son of God

Victorious King, almighty God.
I'm shouting Your name and Satan cowers at the
sound.
Victorious King, undefeated, triumphant and exalted.
Jesus the Christ, Son of God, victorious King
Victorious King

You are victorious [x5]
