Yeah! What up Brods? From Philly to Norway (nigga, I ain't no rapper... I ain't no muhfuckin' rapper nigga) I ain't no rapper! The equivalent of wickedness, sid viciousness, ridiculous You die slow while I live for this Find my arch nemesis quiverin' while I'm in the premises Its my movie, here's what the premise is I don't do nothing if I don't really benefit I cut people off, I don't mean finish sentences You won't get that until I'm long gone You gay dancing in Sean John thongs to Sean Paul Oh lord... here goes that guy again With the spectacular spit stealing my shine again You should not try and win, be happy to lose Lil' BDI dudes looking at my confused... man... I'll murder your spirit before I consider your flesh Fucked you up with that right? Now give it a rest Give up the checks, its time to pay the piper Cauze is Johnny Cash going down a reign of fire Chorus (x2): I'ma end up in all y'all top 10 Like G Rap, Big Daddy n Rakim Biggie & Pac... yo who shot them? "I don't really give a fuck... I ain't no rapper!" I blaze trees that harvest in the humble forest You fall flat like one-note chorus Hare vs. Tortoise... run nigga run America said that we like our young niggas dumb Ahh ... it figures.. I'm preaching to the Choir Your tongue needs to be yanked, I'm reaching for the plyers Been nice since my mom found my reefer in the dryer I left it in my pocket... was a thief and was a liar Ain't shit changed except now I don't hide my smoke Ancestors were tied with ropes inside a boat So we could have gold fronts and hair salons I still know where its not but I don't know where its gone Somewhere beyond, I'm tryna rope it in Go to war against Uncle Sam like the Ho Chi Minh Before the globe should end and blows away in the coldest wind I'ma drop jewels just for you to soak'em in Chorus (X2) I'm the truest rhymin', rare breed like jewish-irish Disrespect your argument like Judge Judith Sheindlin If you said you beat me, then you is lying Cancer consuming the chords, the music's dying Do this as a blueprint, exude defiance Lock your doors, the full moon is rising The natural should never be confused with science The power to move the muthafuckin' Mayans Its not doctrine, its raw rockin',

jaw droppin' They say Cauze awesome Potatoe silencer  
make you au gratin My words is dirty... all rotten  
Covered in filth, your mother's a milf Get the cream all  
day son, nothing but milk I dig in your ass like boxers  
thats silk You wanna run with me then your gonna get  
kill't ... oh!
