Does it really matter
Or do I ring a bell
Does it feel right to ignore me?
I cannot assure you that I4d be doing well
I4m waiting here till the end
It4s like 10000 angels
10000 words
And 10000 demons that soon will be heard
I4m not alone I4m just here by myself
Waiting like books on a shelf
Do I really bore you?
All the stupid things I4d said
Tell me, I4m losing my patience
I can4t reassure you that I4ll be doing well
I4m waiting here till the end
It4s like 10000 angels
10000 words
And 10000 demons that soon will be heard
I4m not alone I4m just here by myself
Waiting like books on a shelf
Oh, I never meant to do you wrong
So tell me where do you belong
It4s like 10000 angels
10000 words
And 10000 demons that soon will be heard
I4m not alone I4m just here for myself
Waiting like a book on a shelf
