You love me incredibly
From my head to the soles of my feet
You know you make me complete, baby
And you love me outstandingly
Can't contain it need a moment to breath
Keep on loving me, baby

What a blessing, how you found me
How you conquered me
And you showed me showed me so much
Just how it should be

Sometimes I wake up when you've sleeping
Just to watch you dream
I kiss your eyelids and tell you thank you
For this reality

You love me incredibly
From my head to the soles of my feet
You know you make me complete, baby
And you love me outstandingly
Can't contain it need a moment to breath
Keep on loving me, baby

When you're away from me I wait anxiously
Sometimes I barely sleep
'Cause I'm just so used to you
Being wrapped up in you in between our sheet

I'm so excited for the future
What we're gonna be
I've got this glow everyone knows
Someone is loving me

You love me incredibly
From my head to the soles of my feet
You know you make me complete, baby
And you love me outstandingly
Can't contain it need a moment to breath
Keep on loving me, baby

Oh, you do something to me

When you look in my eyes
The very touch of you brings me life
It's the ultimate crazy stuff
Just amazing love? keep it coming to me 'cause

You love me incredibly
From my head to the soles of my feet
You know you make me complete, baby
And you love me outstandingly
Can't contain it need a moment to breath
Keep on loving me, baby

You love me incredibly
From my head to the soles of my feet
You know you make me complete, baby
And you love me outstandingly
Can't contain it need a moment to breath
Keep on loving me, baby
