I can't believe I could have been so blind  
But love is strange  
I thought about it for a long long time  
But the truth remains  
I don't need another lonely night  
To dry my tears  
The answer's plain as black & white  
And I can see the picture very clear

I've been living on the edge of a broken heart  
I don't want to fall, I don't want to crawl  
I've been living on the edge of a broken heart  
Don't you wonder why I gotta say goodbye

It is the fact you didn't have the chance  
To change your tune  
Did you think that I'm a dime a dance  
When the dance is rude  
I've been ruining things for way too long  
But baby that's over (baby that's over)  
It won't be easy but I gotta be strong  
And if I wanna cry I don't need your shoulder

I've been living on the edge of a broken heart  
I don't want to fall, I don't want to crawl  
I've been living on the edge of a broken heart  
Don't you wonder why I gotta say goodbye

I'll find someone else  
Whose nothing like you  
But you can play that game as well  
And your gonna be sorry baby  
When it's over

I've been ruining things for way too long  
But baby that's over (baby that's over)  
It won't be easy but I gotta be strong  
And if I wanna cry I don't need your shoulder

I've been living on the edge of a broken heart  
I don't want to fall, I don't want to crawl

I've been living on the edge of a broken heart  
Don't you wonder why I gotta say goodbye

I've been living on the edge of a broken heart  
I've been living on the edge of a broken heart  
Don't you wonder why I gotta say goodbye  
I've been living on the edge of a broken heart
