I love your eyes  
And I don't remember  
Lookin' into  
Anyone's eyes but yours

I love your face  
I love to touch it, hold it  
Close to my heart  
Right there, yeah

And I love your skin  
The texture, complexion  
Looks great against mine  
I just can't stop touchin' you, touchin' you

And I love your lips  
I could kiss them for hours  
Upon hours  
No, I don't think you understand

That you are one of none  
Are you in my imagination?  
Or have I been hallucinatin'?

Did I create you in my mind?  
Or maybe I've been committed  
And I don't even know where

I don't have all the answers  
But tell me what it is I'm missin'  
'Cause you can't be that perfect  
Ain't nobody that perfect

No, I don't have it all together  
But you can't be that perfect  
So tell me what it is that I'm missin'  
'Cause it's gotta be somethin'

You tell me I'm beautiful  
Seems every chance you get  
Never a day goes by  
Without you sayin' it ten times

You adore me  
The way I've always wanted  
Someone to adore me  
Yes, indeed

And you handle me so gently  
Verbally and physically  
So attentive, so generous  
All the things a man should be

No, I couldn't have designed you  
Any better myself  
And that is why  
Why I don't think you understand

That you are one of none  
Are you in my imagination?  
Or have I been hallucinat'?

Did I create you in my mind?  
Or maybe I've been committed  
And I don't even know where

I don't have all the answers  
But tell me what it is I'm missin'  
'Cause you can't be that perfect  
Ain't nobody that perfect

No, I don't have it all together  
But you can't be that perfect  
So tell me what it is that I'm missin'  
'Cause it's gotta be somethin'

That you are one of none  
Are you in my imagination?  
Have I been hallucinat'?

Did I create you in my mind?  
Maybe I've been committed  
And I don't even know where, oh, yeah

I don't know  
You're too perfect, baby  
Somethin's gotta be missin'  
Somethin's gotta be missin'  
Or maybe you're just perfect
