Baby

Somewhere there's a place for us  
Maybe not in this universe  
But we were meant to be in love

I'll be free to love you somewhere  
Maybe there's no space or time there  
Baby, there's just you and I  
There ain't ever gonna be  
Never, ever be a love like ours

I never knew love, I never knew hurt  
I never cried tears, I never felt heartache  
Never felt my soul was connected to another  
Never felt any of this before you came

Mistakes we both made  
The times that life can take  
It's all over now, we won't get it back  
But still I know in my heart that

Baby

Somewhere there's a place for us  
Maybe not in this universe  
But we were meant to be in love

I'll be free to love you somewhere  
Maybe there's no space or time there  
Baby, there's just you and I  
There ain't ever gonna be  
Never, ever be a love like ours

I remember what you wore, remember what you said  
Remember the expressions on your face  
I never forgot one thing you said to me  
Everything we were is in my memory

Mistakes we both made  
The hurt, the love, the pain  
It's all over now, we can't get it back  
But still I choose to believe that

Baby, baby  
Somewhere there's a place for us  
Maybe not in this universe  
But we were meant to be in love

I'll be free to love you somewhere  
Maybe there's no space or time there  
Baby, there's just you and I  
There ain't ever gonna be  
Never, ever be a love like ours

Our love is not for this world  
And no design of this world  
And there's another place for it  
Somewhere

Our love is not for this world  
And no design of this world  
And there's another place for it  
Somewhere

Somewhere there's a place for us  
Somewhere there's a place for us  
Somewhere  
There's another place for us somewhere

Somewhere, somewhere  
(Our love is not for this world)  
Somewhere, somewhere  
(And no design of this world)

Baby, there's another place for us somewhere  
(And there's another place for this somewhere)

I'll be free to love you somewhere  
Maybe there's no space or time there  
Baby, there's just you and I  
There ain't ever gonna be  
Never, ever be a love like ours
