When can I see you again?  
Baby when, when?  
Cause I think it's about that time  
Turn back, I see you again  
Baby when, when?  
Cause we have such a good time  
Baby you're such a good friend to me  
Friend, friend...  
We need to make it happen  
We need to make it happen  
When can I see you again?  
When can I see you again?

Baby I missed you so much  
And I think about you all the time  
All the time...  
Baby you are so far away from me  
Just can't shake you off my mind  
Just the plane right away  
But we weren't every day  
We just can't take off whenever we want  
Whenever we want...  
It's beautiful in-between  
When we get a chance to see  
When we do ain't nothing like it  
I'mma grind these haters by

Baby when, when?  
Cause I think it's about that time  
Turn back, I see you again  
Baby when, when?  
Cause we have such a good time  
Baby you're such a good friend to me  
Friend, friend...  
We need to make it happen  
We need to make it happen  
When can I see you again?  
When can I see you again?

At night I close my eyes  
And my thoughts, they just run wild

Running wild...  
And I dream that you're coming soon  
You'll be here in just a little while  
It's just killing me, this anxiety  
It drives me out of my mind  
Now I don't care what you're doin'  
Who you have to talk to  
I need you to make a plan  
Get here as soon as you can

Baby when, when?  
Cause I think it's about that time  
Turn back, I see you again  
Baby when, when?  
Cause we have such a good time  
Baby you're such a good friend to me  
Friend, friend...  
We need to make it happen  
We need to make it happen  
When can I see you again?  
When can I see you again?

And we can do anything you like  
All I need is for your arms just to hold me tight  
And baby nothing even matters, you got all my time for  
the taking  
We'll be making love until we just can't make no  
more  
And let's do it like there's no tomorrow  
Cause you're finding me and then I'll need more  
Until we do it all again

When can I see you again?  
Baby when, when?  
Cause I think it's about that time  
Turn back, I see you again  
Baby when, when?  
Cause we have such a good time  
Baby you're such a good friend to me (such a good  
friend to me and baby I need to see)  
Friend, friend...  
We need to make it happen  
We need to make it happen  
When can I see you again?  
When can I see you again?
