You're not even far away
I know I'll see you soon enough
It's love to miss someone so much
It sounds so crazy but you're my baby

And I know sometimes we gotta go
I gotta hit the road, you gotta work over load
I'm thinkin' 'bout you, you're thinkin' 'bout me
I'm half of you and you're half of me

And I never thought it would be so hard
(When we're apart)
I tried to block it out but I can't help but think about you
With you and me, I only feel one thing

And I never thought it would be so hard
(When we're apart)
No, I never thought it could be so hard
But you ain't even far
(You ain't even far)

No, you ain't even far
(You ain't even far)
So why is it so hard?
No, I never thought it would be so hard
And you ain't even far

How I wish the time could stop so
We wouldn't waste it, nothing but patience
No more waitin' for you to come home to me
Nobody takin' the time that belongs to me

And you know that whenever I leave
With you is where I wish that I could be
(Yeah, yeah, ohh, ohh, yeah, yeah)

And I never thought it would be so hard
(When we're apart)
I tried to block it out but I can't help but think about you
With you and me, I only feel one thing

And I never thought it would be so hard

(When we're apart)
No, I never thought it could be so hard
But you ain't even far
(You ain't even far)

No, you ain't even far
(You ain't even far)
So why is it so hard?
No, I never thought it would be so hard
And you ain't even far

Ain't tryin' to complain, baby
I'm wrecking my brain
Got my cell under the pillow
Wanna see your name, come on
(Yeah, yeah, ohh, ohh, yeah, yeah)
Yeah, yeah, oh

And I don't care what nobody says
I would see you everyday if I had my way
(How I miss your face, the way your lips taste)
And you ain't even far
Who would've thought it would be so hard

And I never thought it would be so hard, ooh
(When we're apart)
I tried to block it out but I can't help but think about it
With you and me, I only feel one thing

And I never thought it would be so hard
(Never, I never knew it would be so hard)
No, I never thought it could be so hard
(Ooh, yeah, and you ain't even far)

No, you ain't even far
(You ain't even far)
So why is it so hard?
No, I never thought it would be so hard
And you ain't even far
