It's the first day of the year  
I'm not feeling as good as new.  
I'm waiting for my head to collapse  
There's the message that I feared  
And I can't hold it back no more  
I leave the room to enter the gap

I've had enough to drink for weeks  
I've had enough of empathy  
Advice and well-intentioned lies  
All I needed was a shoulder to cry on

It's your footsteps in hall  
It's your arm reaching out for me  
I'm prepared to let down my guard  
No longer care about the fall  
Now the pain is all over me  
I feel like there's a hole in my heart

I've had enough to drink for weeks  
I've had enough of empathy,  
Advice and well-intentioned lies  
All I needed was a shoulder to cry on  
All I needed was a shoulder to cry on  
All I needed was your shoulder  
Shoulder

I remember years ago  
when you were just a kid who wouldn't leave me alone  
Who'd have thought you'd dry my tears  
Now the tables have turned  
I wonder if you'd look up to a king with no throne  
I hope we'll keep this running for years

(All I needed was a shoulder to cry on)  
For years and years and years  
(All I needed was a shoulder to cry on)  
For years and years and years  
(All I needed was a shoulder to cry on)  
For years and years and years  
(All I needed was a shoulder to cry on)

Oh, Oh, Ooooooh

All I needed was a shoulder to cry on  
All I needed was a shoulder to cry on  
All I needed was a shoulder to cry on  
All I needed was a shoulder to cry on  
All I needed was a shoulder to cry on  
All I needed was a shoulder to cry on
