I just lost the way to truth.
I try to find myself and wish you had pulled me
through.
But it feels like home when you leave me alone;
at the end of the day I'm a fool on my own.
But if I, had just a minute to forget the otherside
and made the words undone I said.
After all I tried to get you not upset,
I wonder how to get lost and found;
without you I'm rejected,
Where's that shallow thing that makes my life brighter,
can't you see i'm not cool enough to say?
