So I'm glad you joined the show
I'm glad you found some ways to let go
Because now the band starts playing
The songs that we already know
And the crowd starts moving
Things were getting out of control
We were falling slowly on the ground
Words you spoke were lost and found

Ohoh, we're back on the run.
Were coming undone.
Were only waiting.
Ohoh, we're back on the front.
I think that we've won.
And I'll just stay right here.

Hey, I'm glad you decided to stay
I'm glad you didn't look the other way
No, I am not tired
I just don't know what to say
I'm feeling rolled up
But there's nothing that can stand in my way
I was falling slowly on the ground
Words you spoke were lost and found

The things that you said
The numerous rounds
Were just lost in the head
But now I've found you
Lost and found you
I was lost and found

Ohoh, we're back on the run
Were coming undone
Were only waiting
Ohoh, we're back on the front
I think that we've won
And I'll just stay right here

Ohoh, we're back on the run
Were coming undone

Were only waiting
Ohoh, we 're back on the front
I think that we've won
And I'll just stay right here
