Wrong, you got it all wrong.
But you won't hear my side of the story.
So I am gone. It's over and done.
I'm sleeping alone tonight. Right,
I'm feeling alright.
As long as I keep my mind off thinking over that night.
And how you replied when I said it's over.
Hide the tears that I cried.
I no longer need your sweet compassion now we
collide.
You tear me inside. I'm pulling the covers.
It took you so long to figure out just what you were
missing.
You're moving on, I'm not the one.
I wonder whose lips you will be kissing when I'm gone.
Goodbye my life goes on.
Time, I needed more time.
I lost myself somewhere along the way.
I'm trying to find what I leave behind whenever we
disagree.
Go, I don't wanna go.
I don't wanna close the door to everything that I know.
I'm moving so slow.
I thought you belonged to me.
