I don't wanna be over you.
I've survived so many broken hearts.
I don't care if I'm feeling sad,
it just means I'm not numb yet.
My bed wasn't made for two but it's so empty,
so cold, so clean.
I miss your sweet scent, your lips, your breath.
Another song for you, maybe we could make an album.
I introduced your other side but you let out the animal
in me.
It's hard enough this way,
please stay on your side of the landscape.
I thought that we could make it work but it's enough,
don't make it worse.
I thought the best was yet to come
but now it's over and you're gone.
