I tried to forget you
But I did not have to
How can I love you
When you only hurt me
You're trying to spare me
From your shallow adventures
How can I trust you
When I'll never be sure
(Nanananana)
(Nananana)

I wanted to help you
And I tried to be there
But how can I love you
When you constantly leave me
So here is your trophy
For being the worst friend
How do you feel, shit
You really deserve it

Thank you for this, thank you for that
I'll thank myself for everything else
Thank you for this, thank you for that
I'll thank myself for everything else
I'll thank myself for everything else

I wanted to end it
For twenty-five minutes
But how can I hate you
After all we have been through
So here is your trophy
For being the worst friend
Congratulations, you really deserve it
(Nanananana)
(Nananana)

Thank you for this, thank you for that
I'll thank myself for everything else
Thank you for this, thank you for that
I'll thank myself for everything else

Thank you for this, thank you for that
(I'll thank myself for everything else)
Thank you for this, thank you for that
(I'll thank myself for everything else)
Thank you for this, thank you for that
(I'll thank myself for everything else)
