The scene is set, we play the parts  
Boy meets girl, better shelter our hearts  
We trace the steps  
That a thousand lovers have danced before

Without a sound, we're face to face  
And every breath is suspended in space  
Every moment we're together  
Just leaves us wanting more

Holding back tonight, afraid of tomorrow  
We both know something's got to give  
Gotta make it soul to soul  
So come a little closer

We're only a heart beat away  
From laying it all on the line  
We're only a heart beat away  
It's just a matter of time  
So tell me that you need me  
An' I'll come runnin', baby can't you see  
We're only a heart beat away, yeah

It's in the air, it's in our eyes  
Burning through every cool disguise  
And pretending that we don't care  
Pushes us closer to each other's fire

It's too late to break the spell that encircles us  
The chains of destiny are strong  
Stronger than both of us  
Come on, let's surrender

We're only a heart beat away  
From laying it all on the line  
We're only a heart beat away  
It's just a matter of time  
So tell me that you need me  
An' I'll come runnin', baby can't you see  
We're only a heart beat away

Been too scared of taking a fall

Just a heart beat away from giving our all  
It's only love, only love

Holding back tonight, afraid of tomorrow  
We both know something's got to give  
Gotta make it soul to soul  
Come on, let's surrender

We're only a heart beat away  
So come on, you closer  
We're only a heart beat away  
Yeah yeah  
Tell me that you need me  
An' I'm comin', baby can't you see

We're only a heart beat away  
Believe it I'm not lying  
We're only a heart beat away  
And it's just a matter of time  
Oh, baby tell me that you need me  
An' I'll come runnin', baby can't you see

We're only a heart beat away  
Believe it I'm not lying  
We're only a heart beat away  
Yeah
