The scene is set, we play the parts
Boy meets girl, better shelter our hearts
We trace the steps
That a thousand lovers have danced before
Without a sound, we're face to face,
And every breath is suspended in space
Every moment we're together
Just leaves us wanting more

Holding back tonight, afraid of tomorrow
We both know something's got to give
Gotta make it soul to soul,
So come a little closer

Chorus:
We're only a heart beat away,
From laying it all on the line
We're only a heart beat away,
It's just a matter of time
So tell me that you need me,
An' I'll come runnin', baby can't you see
We're only a heart beat away

It's in the air, it's in our eyes,
Burning through every cool disguise
And pretending that we don't care
Pushes us closer to each other's fire
It's too late to break the spell that encircles us
The chains of destiny are strong,
Stronger than both of us
Come on, let's surrender

Chorus

Been too scared of taking a fall,
Just a heart beat away from giving our all
It's only love, only love

(Solo)

Holding back tonight, afraid of tomorrow
We both know something's got to give

Gotta make it soul to soul,
Come on, let's surrender

Chorus repeats out
