When all is you, then all is good
I reach for tomorrow
While your secrets wander
Into lies

And all your grace is falling
Out of sight

Well, I know, you know
That when I look at you
I can't save myself

Well, I give you peace and tranquility
You make me doubt your sincerity
But I'll hang around to be your clown
That you can push around

Well, I'll be your clown

Eloquence is hard to find
You remain protected
You criticize and apologize endlessly

I know, you know
That when I look at you
I can't save myself

I give you peace and tranquility
You make me doubt your sincerity
But I'll hang around to be your clown
That you can push around

Well, I'll be your clown
I'll be your clown

I know, you know
That when I look at you
I can't save myself

I give you peace and tranquility
You make me doubt your sincerity
But I'll hang around to be your clown

That you can push around

Well, I'll be your clown

I'll be your clown

Your clown
