"Rev It Up"

We were just startin' out on a dream
Young enough to believe everyone was on our side
And no one would deceive
But sometimes the truth gets served on a knife
You gotta stand up and fight
We turned to each other and kicked it in gear
To earn a rock 'n' roll right
In a world full of heartache, jealousy wears a friendly
face
We can't hold on, you can't keep a fast car out of the
race

Give it all you got, rev it up, rev it up
Push it to the top, rev it up, rev it up
If anyone tries to hold you back
Don't let 'em run you off the track
Give it all you got, rev it up

Burnin' with the hope of the innocent
Ready to own tomorrow
We were gonna set the nights on fire
But doubt pierced like an arrow
When no one's in your corner
Dig down deep and you'll find your pride
Floor it all the way, what's behind the wheel can't be
denied

Give it all you got, rev it up, rev it up
Push it to the top, rev it up, rev it up
If anyone tries to hold you back
Don't let 'em run you off the track
Give it all you got, rev it up

Every fighter takes a fall but don't give up tryin'
Sometimes you fly, sometimes you crawl
One step at a time

Hold on tighter when the ride gets a little rough
Don't give in, don't give up
Give it all you got, rev it up, rev it up
Push it to the top, rev it up, rev it up
If anyone tries to hold you back

Don't let 'em run you off the track
Give it all you got, rev it up
Rev it up, rev it up

Give it all, rev it up
Rev it up
