Id like to hang you from a tree  
Then make you watch what you don't wanna see  
Find out what's really in your mind  
Well, are you that twisted and unkind?

REFRAIN:

Shut up, shut up, words pound my head  
Shut up and get off my TV set  
Shut up, shut up, why aren't you dead?  
Why aren't you hangin from a tree?

Id like to make you sit and spin  
Until the lies eat through your skin  
But there's no compassion in your soul  
Remorse is only for yourself

-REFRAIN-

Little man with big ambition  
Arrogant by self admission  
I just wish the world  
Could find a way to make you shut up

-REFRAIN-
