Lonely fear lights up the sky
Can't help but wonder why
You're so far away

There, you had to take a stand
In someone else's land
Life can be so strange

I wish we never had to choose
To either win or lose
That we could find a way (We could find a way)

But I won't turn my back again (turn my back again)
Your honor I'll defend
So hurry home, and 'til then (til then)

Stand tall, stand proud!
Voices that care are crying out loud
And when you close your eyes tonight
Feel in your heart how our love burns bright (hurry home. ooh)

I'm not here to justify the cause
Or to count up all the loss
That's all been done before

I just can't let you feel alone
When there's so much love at home
We're sending out to you

All the courage that you've known
The bravery you've shown
Clearly lights the way

We pray to make the future bright
To make the wrong things right

Right or wrong, we're all praying you remain strong
That's why we're all here and singing along

Stand tall, stand proud!

Voices that care are crying out loud
And when you close your eyes tonight
Know in your heart how our love burns bright

Voices that care are crying out loud
And when you close your eyes tonight
Feel in your heart how our love burns bright

You are the voice
You are the light

Stand tall, stand proud!
Voices that care are crying out loud
And when you close your eyes tonight
Feel in your heart how our love burns bright

Stand tall, stand proud!
Voices that care are crying out loud
And when you close your eyes tonight
Feel in your heart how our love burns bright

You are the voice and the guiding light
Feel in your heart how our love burns bright
