Don't mean no harm
No cause for alarm
My hands are tied behind me
It is well known
The way you've grown
So come sit down beside me

Well If I told you once
I told you once
And once is all that you needed

So Just lend a hear
That you've gotta to hear

Well I can take care of everything
And I can pick for you
The songs that you'll sing
And the sights that you'll see
Now don't mind me
I'm carefree

Calm down she said
Lie back your head
Your voice is sounding hysterical
Your face is red
And you reasoning dead

And you're damn nonsensical

Hey now you listen here
Let me make myself clear
Your not the first to get physical

Just take your pill
And you might feel a chill

Well I can take care of everything
And I can pick for you
The songs that you'll sing
And the sights that you'll see
Now don't mind me

I'm carefree

Well I will always keep the upper hand
And I can change your angry young man
Into a fashion show
With brand name clothes
I'm carefree

Well I can take care of everything
And I can pick for you
The songs that you'll sing
And the sights that you'll see
Now don't mind me
I'm carefree

Well I will always keep the upper hand
And I can change your angry young man
Into a fashion show
With brand name clothes
I'm carefree
