Rain is patten' on my window  
and I'm all alone  
There ain't no place that I could go  
Noone to phone

Now I'm just a shadow of the man  
That I used to be  
There's a cloud over my head  
That is followin' me

This been goin' on so long  
You hope that someone will come along  
You'll be half a man'till your better half's been  
found  
I-I-I'm half a man now that She's not around  
I-I-I'm half a man now that She's not around

Used to say that I was strong  
I'd make it on my own  
But now adays in my voice  
there's a change of tone

You see to me  
She was She with a capital S  
And all she left when she left  
Was this emptyness

This been goin' on so long  
You hope that someone will come along  
You'll be half a man'till your better half's been  
found  
I-I-I'm half a man now that She's not around  
I-I-I'm half a man now that She's not around

solo

Just like a lock needs a key  
A clock needs the time  
A ship needs a sea  
A song needs a rhyme
