If I hold you my love in the still of the night  
If I whisper your name in the pale moonlight  
If I give you all that i own  
And never again leave you alone

chorus

Will you forgive all the wrong i've done  
Will you say that it's all in the past  
What will it take  
Will it make our love last

vers2

If i always be there to light your way  
If I never ever again forget our weddin' day  
Will you take me to your heart  
Can we make a brand new start

chorus

Will you forgive all the wrong i've done  
Will you say that it's all in the past  
What will it take  
Will it make our love last

bridge

I won't do wrong anymore  
I ain't gonna be the one I was before  
I will change my ways so dry youre tears  
I will make it up to you for all those years

vers3

So of I hold you my love in the still of the night  
And I kiss you underneath the stars shinin' bright  
Will that prove my love is true  
Will you consider startin' a new

chorus

Will you forgive all the wrong i've done  
Will you say that it's all in the past  
What will it take  
Will it make our love last  
My dear

Will you try to forgive all the wrong I've done  
Will you say that its all in the past  
Will it make our love last
