If the moon was hangin' low and gently shone it's  
light  
And all the stars were in her eyes on a magic night

Maybe then I could take one more step away from you  
And maybe stop this clingin' on to the love we once  
knew

The same old memories linger It just won't go away  
Since you are gone They're here to stay  
They just keep hangin' on Twilight 'till dawn

If they'd play my favourite tune and we danced all  
night  
Nice and slow through dimmerin' lights And  
everything was just right

Maybe then I could find a way to finally leave you  
behind  
Oh I'd surely love to find some peace in mind

The same old memories linger It just won't go away  
Since you are gone They're here to stay  
They just keep hangin' on Twilight 'till dawn

Solo

Oh They say there'll come a day when all the pain will  
wither away  
But there is still a long way and I can't wait one more  
day

So please Mr. Moon keep hangin' 'round Please  
shine your light  
And all you stars keep gleamin' in her eyes Help me  
through the night

The same old memories linger It just won't go away  
Since you are gone They're here to stay  
They just keep hangin' on Twilight 'till dawn  
They just keep hangin' on Twilight 'till dawn

They just keep hangin' on Twilight 'till dawn
