Well I'm wanted in fifty states and in Mexico
Them wanted posters stretch from Alaska down to
Tierra Del Fuego
I do the don'ts, I don't the do's, I wrong the rights and I
false the truths
I drink all night and I howl the blues
'Cause I never been wanted like I want to be wanted by
you

Well federalies put a bullet in my sombrero
Still there aint an hombre standin' who's got the drop
on this here, pistelero
I do the don'ts, I don't the do's, and every time I turn
around I'm on the five O'clock news

My blood runs red, my heart is blue
Cause I never been wanted like I want to be wanted by
you
Like I want to be wanted by you
Like I want to be wanted by you
Like I want to be wanted by you

So baby grab my hand, were gonna make our stand on
the Mexican side of the Rio Grande
I got me a little money and a place to go
Where you can live high, while I lay low
Yeah lets go

Still I'm wanted in fifty states and in Mexico
Now them wanted posters stretch from Alaska to Tierra
Del Fuego
I do the don'ts, I don't the do's, and every time I turn
around I'm on the ten O'clock news
My blood runs red, my heart is blue
Cause I never been wanted like I want to be wanted by
you
Like I want to be wanted by you
Like I want to be wanted by you
Like I want to be wanted by you
