Oh no

Oh no

Say we gonna rock down through electric avenue

And then we'll take it higher (higher)

Say we gonna rock down the Brooklyn avenues

And then we'll take it higher (higher)

Oh no

Oh no

Yo Yo

Slick like Rick James when I hit

Super Freak chicks, I don't miss

Miss wit yo nose, my flows make you sick

Two chicks for me, none for you like twix

Play with niggas head like clef's guitar picks

Went from bottom pits to makin' hits and

Hollow tips and shootin' lips (right)

Handle my business, make sure it sits

Ride through the tunnels, fuck the guest lists

Light up the block with roman candlesticks

Known to blow shows with pyrotechnics

Rappin' bout yo wips while yo cat demands hits

Buyin' shorty gifts with checks from

Your record sound like a demo that was yet not mixed

Your whole styles broke and it should be fixed

Times runnin' out as my Rolex ticks

Don't get caught on the av, it's too electric

Say we gonna rock down through electric avenue

And then we'll take it higher (higher)

Say we gonna rock down through the Brooklyn avenues

And then we'll take it higher (higher)

Oh no

Oh no

I dedicate this to my peeps who roam the streets

God bless they souls, may they rest in peace

They're those who finance and those who choose to  
lease

Whatever suits you better on the terms of your lease

Different strokes for different folks, god, I refuse to  
going back and

being

Broke, Lord

He got struck wit lightin', he got hit hard

Faces 20 to life maximum

His whole life is scarred

The preacher's son and I came off the Santa Maria

Ten cases of malt I caught the diarrhea

Load the refugees on the aircraft carrier

Some say dirty cash

we never heard of ya

(you don't know me? and don't know me?)

Say we gonna rock down through electric avenue

And then we'll take it higher (higher)

Say we gonna rock down through the Brooklyn Avenues

And then we'll take it higher (higher)

Oh no

Oh no

Alright alright

Watch yo back, watch yo side, swimmin wit sharks

String you like a harp while they playin' Mozart

No credentials, get nowhere like Ozlo

Sent to frisco, like the regal begal

Suave like rico, on fire like pyro

Frantic like scytso, rougher than Brillo

He caught the wrap like Donnie Brosko

Out in the streets there is violence

Down in Brooklyn there is violence

Down there in Queens there is violence

And there's a lot of work to be done (Lord)

Down there in the ghetto there's violence

In Miami there is violence

And there's a lot of work to be done (Lord)

Say we gonna rock down through refugee avenue

And then we'll take it higher (higher)

Say we gonna rockd own through Haiti avenue

And then we'll take it higher (higher)

(refugee all stars, yeah, yeah)
