Didn't know, couldn't see  
What was around the corner from me  
(Light me up.... Oh yeah)

You know I like to dance  
(Oh yeah)  
You know I like to move  
(That's what's up)  
I like to get down with some  
Let's get crazy attitude  
(Let it go)

Now I'm looking out my window  
(Hey)  
What a sight to see  
(Let's go, that's right)  
All my friends and neighbors  
They're waiving back at me

Sayin', Hey, come (Oh yeah) down  
What you waitin' for  
Party's going on  
And we could use somemore  
(Come on, let's go)  
So open up your door  
And come on over now  
What you waitin' for  
(That's right, let's go, let's go)  
What you waitin' for

You light me up  
(You light me up)  
You start my fire  
(You start my fire)  
When I saw you there  
From across the room  
You took me higher  
Feels so good, feels so right  
Mix it up for the queens tonight  
Let's go now  
(Let's go. Let's let loose tonight)

Just throw it down and get all crazy  
Shake it all around now don't be lazy  
(Take me higher)  
Pump it up, make it loud  
The music's here to move the ground  
(It feels so good)  
Take it to the city, celebrate the beat  
Turn it on up and feel the heat  
(Come on, yeah)  
Swing your body, side to side  
Have fun with it, just take a ride  
(ride, ride, ride)

They're kickin' bass and thumpin'  
The beat has hit its mark  
(You know it)  
Everybody's jumpin' and the  
Feelings rockin' it off the charts  
(Oh yeah)

Now goin' something grand  
A little back beat from the band  
(Come on)  
Let's shake this town (Let's go) upside down  
It's time to take a stand  
(Uh huh)

Singin', Hey, come on  
Now look at you  
A party's goin' on  
Until the break of dawn  
Hey, come (Ah, ya) on  
What you waitin' for  
Show us what you got  
(Come on, let's go)  
You know the moves you have are hot  
(Ya)

The light in your eyes  
(You light me up)  
Took me by surprise  
(Turn it up, let's go)  
That was clear the place I want to be  
Is with you here, right next to me

Somethin' specials in the air  
(Feels so good)  
So let's let go, like we just don't care  
Live in the moment, got with the flow  
You can't deny

(Let's let loose tonight)  
Here we go

Check me out, my legs are movin'  
(You light me up)  
Dance real smooth, gotta keep it goovin'  
Take it fast, take it slow  
(You fill me up)  
(Oh, will you take me higher)  
Shake it all day, come on, let's go  
(It feels so good)

Can't get enough of these crazy moves  
Slide on back, now that's real smooth  
(Come on, let's go)  
Throw your hands up in the air  
(Let's let loose tonight)  
Bounce on by, let down your hair

You light me up  
(You light me up)  
You start my fire  
(You start my fire)  
(You fill me up)  
(Take me higher)  
(Feels so good)  
(Come on, let's go)

Feels so good, feels so free  
(Let's let loose tonight)  
Having you here next to me

(You start my fire)  
Here we go  
(You fill me up)  
You took me by surprise  
(You take me high, you fill my cup)  
Let's rock this thing  
(It feels so good, It feels so right)  
(Come on, let's go)
