I gotta hear it every minute,
About the things I'm doing wrong,
I'm trying hard just to forget it,
But you just keep on going on and on and on

I can't keep you around,
Cause you're only going to bring me down,
There's nothing left to say,
It's a chain reaction

I know sometimes I can't believe it,
Yeah the things you say to me,
I'm sure you probably have your reasons,
That led us to this misery

I can't push you away,
Cause you're the only going to make me pay,
It's making me insane,
It's a chain reaction
Chain reaction
Chain reaction
Chain reaction

I can't get there right now,
I'm hanging up goodbye

I push you,
You push me,
I push you,
You push me,
I push you
You push me
I push you
You push me

Can't find my way out,
Always something else to shout about,
And I'm in pain,
It's a chain reaction
Chain reaction
Chain reaction

Chain reaction
Chain reaction
Chain reaction
