I think back upon the person
I knew you to be
Righting the wrongs in the name
Of all you believed

The one who brought the fight
Who never said die
Never letting fate decide

Be all you hope for
You were the best you could be
All that in tribute
All that you had achieved

No time for words
From those with nothing to say
Never letting fate decide

Until the end and back again
Defiant to the last man
Â'Til there's nothing left
To fight against
No surrender

Unto the corners of the Earth
Defiant to the last breath
Until there's none left standing
No surrender

Conjured the ground upon which
You've only stood

Buried the conflicts that had
Preyed on your mind

Found strengths in actions
That only courage achieves
Never letting fate decide

Until the end and back again
Defiant to the last man
Â'Til there's nothing left

To fight against
No surrender

Unto the corners of the Earth
Defiant to the last breath
Until there's none left standing
No surrender

Until the end and back again
Defiant to the last man
Â'Til there's nothing left
to fight against
No surrender

Unto the corners of the Earth
Defiant to the last breath
Until there's none left standing
No surrender

No surrender
No surrender
