So afraid  
Open your eyes  
Know too well  
That which awaits you  
Something undefined  
There in the halflight  
The demon without  
The demon inside  
To play then torment you  
Feelings so sure  
Feelings so uncertain  
Something is wrong  
Everyone's gone  
You have been left behind  
Everyone left the demon inside

Do you still hear their laughter  
So hard to describe  
And never forget  
Faces that haunt you  
Wake or sleep  
You know you can't tell  
Unable to sleep  
Unable to fight  
Unwilling to wake  
To open your eyes  
Face your oppressor  
Still you go on  
Convinced it will end

Can you remember  
A day when it was not  
Not like this  
Unsure of yourself  
Unsure of your thoughts  
Unable to know  
Of what you think is right or wrong  
Still you go on  
Convinced it will end  
But someone pushes  
A blade through your mind  
There on the edge

No one will find you  
So hearing them laugh  
No light it's not the end for you

Why is everything wrong  
Here I am  
Here I am  
With these words  
Trying to say  
Something I can't  
Something I can't tell you  
Nothing is wrong  
The demons they have left you  
You were not left behind  
You were not left behind  
So open your eyes  
So open your eyes  
Unable to sleep  
Unable to fight  
Unwilling to wake  
Please open your eyes  
Here I stand  
Unable to tell you  
I'm trying to say  
Nothing is wrong  
Please open your eyes  
Nothing is wrong  
You were not left behind
