How the winter comes,  
Where we belong,  
I feel the cold,  
Within my heart,  
I see the night,  
Deep in your eyes,

The winter comes  
At last

Here the winter comes, again  
Here the winter comes, again  
Here the winter comes, again  
Here the winter comes, again

So the winter comes,  
Where we grow strong,  
I hear your words,  
Melt like snow,  
I taste your kiss,  
It tastes like snow

The winter comes  
To last

My tongue is frozen to the ground,  
I cry alone,  
For times to come,  
It beats the daylight outta me

The winter comes to seize the day  
The winter comes to seize the day

Here the winter comes, again  
Here the winter comes, again  
Here the winter comes, again  
Here the winter comes, again

Again

Again
