"I Was"

We should have tried from the start
We'd never have any broken hearts
Or maybe we just should have been friends
Then there would have been the end
Hey, I was tryin'
Hey, I was dyin'
Hey, I was there
Hey, couldn't be anywhere
But with you
(Repeat)
Maybe I should have tried to hate you
Instead though I began to date you
Biggest mistake of my lifetime
Now I know and fear I'll never have any time
Hey, I was tryin'
Hey, I was dyin'
Hey, I was there
Hey, couldn't be anywhere
But with you
(Repeat)
(First Verse)
