Loving you girl..  
jump into a cab on fifty-ninth street  
I said to the driver  
make a right  
stare into the rain outside the window  
cause I don't know  
but I wish I knew  
baby where you are tonight  
where are you

Loving you girl is such a lonely feeling  
whatever I say or do  
I'll always be lost in you  
when you told me forever more  
I must have been dreaming  
This picture of you and me  
wasn't it ment to be

We used to play house way out in Brooklyn  
In the middle of July we had a fight  
Now I'm looking at this little dent on my pillow  
and I don't know  
but I wish I knew  
baby where you are tonight

where are you

Loving you girl is such a lonely feeling  
whatever I say or do  
I'll always be lost in you  
when you told me forever more  
I must have been dreaming  
This picture of you and me  
wasn't it ment to be
