Everything's gonna be brighter in the morning
For the worries of tonight shall go away
Close your eyes and dream about the future
Gonna shine our light upon a brand new day

I roll into the long cold night with an anguish in my
head
It's been one of those days I wish I'd never got out of
bed
My boss called me up and said don't bother coming in
I put a * in my jeep and caught my woman cheatin'
I should have hit them brakes when them lights went
flashing
Sholud have seen it comin'
What was I thinking
So preoccupied with the thought of eternal bliss
I pray I don't spil and fall
Into the abyss

Coz everything's gonna be brighter in the morning
For the worries of tonight shall go away
Close your eyes and dream about the future
Gonna shine our light upon a brand new day

One of those days we're gonna show'em how it's done
Gonna pull through this city in a limo long long
Strike anyone who's ever done us wrong
Crush the competition with the verbal ping pong
From the chill og Oslo to the port of Hong Kong
Fortune cookie prohecies and future predictions
Say we're gonna make a zillion G's with every pling
plong
And then
Mingle with the "heavenlies" untill the break of dawn

Coz everything's gonna be brighter in the morning
For the worries of tonight shall go away
Close your eyes and dream about the future
Gonna shine our light upon a brand new day

Drive

Speed down the highway with the wind in your hair
Open wide
Suddenly everything it seems so clear

Everything's gonna be brighter in the morning
For the worries of tonight shall go away
Close your eyes and dream about the future
Gonna shine our light upon a brand new day

Coz everything's gonna be brighter in the morning
For the worries of tonight shall go away
Close your eyes and dream about the future
Gonna shine our light upon a brand new day

Drive
Speed down the highway with the wind in your hair
Open wide
Suddenly everything it seems so clear

Everything's gonna be brighter in the morning
For the worries of tonight shall go away
Close your eyes and dream about the future
Gonna shine our light upon a brand new day

Everything's gonna be brighter in the morning
For the worries of tonight shall go away
Close your eyes and dream about the future
Gonna shine our light upon a brand new day
