She belongs to me  
And i belong to 'She'  
Day and night  
We hold on tight  
And we will never be apart  
Looks like Armageddon is coming to town  
And nothing's gonna stop us now

She's the girl in my dreams  
And you know just what it means  
She is everthing to me  
Though her folks just disagree  
And though i live a simple life  
I really hate this painful strife  
But you see i love her so  
And she feels the same way though

Why does it have to be this way  
Followin' all the rules  
And missin' all the fun  
I've never felt like this before  
And all my fantasies  
Is all that matters most to me

She belongs to me  
And i belong to 'She'  
Day and night  
We hold on tight  
And we will never be apart  
Looks like Armageddon is coming to town  
And nothing's gonna stop us now

She's the girl that is really, really  
Making me so happy  
Funny, how time takes the form  
Of the unkind antagonist  
And though i live a simple life  
I really hate this painful strife  
But you see i love her so  
And she feels the same way though

Why does it have to be this way  
Followin' all the rules  
And missin' all the fun  
I've never felt like this before  
And all my fantasies  
Is all that matters most to me

She belongs to me  
And i belong to 'She'  
Day and night  
We hold on tight  
And we will never be apart  
Looks like Armageddon is coming to town  
And nothing's gonna stop us now
