You turn my head  
But instead I feel so lonely  
I feel for you, I've got to say  
You put a spell on me  
I opened my eyes, softly and wide  
Lovely flower you're my sunshine  
I opened my eyes, softly and wide  
Lovely flower you're my sunshine

Light is filtering  
Your eyes are glimmering  
Let me hold you  
Let me hold you

I think that it's a sign  
You've opened up the inner creases of your mind  
Let me kiss you  
Let me kiss you

Hope is signalling  
Happiness is beckoning  
Let me love you  
Let me love you

I think that it's a sing  
No more walls to keep me by your side  
Let me touch you  
Let me touch you
