She came from Heaven well there's no point belaboring  
that  
I've seen some trouble and I must admit that I'm in  
demand  
I confront rejection with magnetic good intentions yet  
hey Jack Get back in fact Don't do that  
I act sharp  
but feel uncertain  
cuz next time  
It could be curtains

Evangeline  
Conspirator so fine  
lend me your faith cuz mine is broken  
Compared to mine  
what is your crime Evangeline

Now just to be certain let's be sure to set the record  
straight  
I could use an angel but I don't intend to split up the  
take  
Never go for treason but I got reasons that don't  
warrant debate  
My acts intact and in fact you're not all that  
You act sure  
but youre uncertain  
cuz next time  
It could be curtains

Evangeline  
Conspirator so fine  
lend me your faith cuz mine is broken  
Compared to mine  
what is your crime Evangeline

Well there's no use turning back  
no use turning back  
It's already much too late  
When the house is burning

Evangeline

Conspirator so fine  
lend me your faith cuz mine is broken  
Compared to mine  
what is your crime Evangeline
