"I Love My Computer"

Visit "[I Love My Computer](#)" on MotoLyrics.com

I love my computer you make me feel alright
Every waking hour and every lonely night
I love my computer for all you give to me
Predictable errors and no identity

And it's never been quite so easy
I've never been quite so happy

(Chorus)
All I need to do is click on you and we'll be joined in the
most soul-less way
And we'll never ever ruin each other's day 'cuz when
I'm through I just click
And you just go away

I love my computer you're always in the mood
I get turned on when I turn on you
I love my computer you never ask for more
You can be a princess or you can be my whore

And it's never been quite so easy
I've never been quite so happy

(Chorus)

(Bridge)
The world outside is so big but it's safe in my domain
Because to you I'm just a number and a clever screen
name

All I need to do is click on you and we'll be together for
eternity
And no one is ever gonna take my love from me
because I've got security,
Her password and a key
