now here i go
hope i don't break down
i won't take anything
i don't need anything
don't wanna exist
i can't persist
please stop me before i do it again

just talk about nothing
let's talk about nothing

let's talk about no one
let's talk about no one
someone
anyone

you and me
have a disease
you affect me
you infect me
i'm afflicted, you're addicted
you and me
you and me

i'm on the edge
cannot get someone
i'm so distracted
i'd like to strike you
here's my confession
you've learned your lesson
stop me before i do it again

just talk about nothing
let's talk about nothing

let's talk about no one
let's talk about no one
someone
anyone

you and me

have a disease
you affect me
you infect me
i'm afflicted, you're addicted
you and me
you and me

you're clear
as a heavy lead curtain
when i tell you
like an ocean
we can work it out
i've been running out
now i'm running out
don't be mad about it baby

yeah yeah yeah

you and me
have a disease
you affect me
you infect me
i'm afflicted, you're addicted
you and me
you and me
