"Kyoto Now"

It's a matter of prescience
But not the science fiction kind
It's all about ignorance
And greed and miracles
For the blind
The media parading,
Disjointed politics
Founded on petrochemical blunder
And we're its hostages

If you stand to reason you're in the game
The rules may be elusive but our pieces are the same
And you know if one goes down, we all go down as well
The balance is precarious as anyone can tell
The world's going to hell

Don't allow this mythologic hopeful monster to exact its
price
Kyoto now!
We can't do nothing and think someone else will make
it right.

You might not think it matters know, but what if you are
wrong
You might not think there's any wisdom in a fucked up
punk rock song
But the way it is cannot persist for long
A brutal sun rising on our sick horizon
It's in the way we live our lives
Exactly like the double edge of an old familiar knife
And supremacy lays heavy on the day
It's never really what you own
But what you threw away, and how much did you pay

Don't allow this mythologic hopeful monster to exact its
price
Kyoto now!
We can't do nothing and think someone else will make
it right.
In your dreams you saw a steady state a bounty for
eternity

Silent screams but now the wisdom that sustains us
Is on full retreat

Don't allow this mythologic hopeful monster isn't worth
the risk

Kyoto now!

We can't vision for the future if it can't be fixed

Alien

We need a fresh and new religion to run our lifes

Hand in hand

The arid torpor of inaction will be our demise
