I've had nights I will never forget  
I've had nights I will always regret  
But I can take it on the chin and say  
Boys will be boys

There's been girls that've stolen our hearts  
But their arms simply couldn't be prised apart  
They'll never let us in and say  
Boys will be boys

Well it's under my skin so I can never win  
Oh thanks a lot  
We cheat and we lie and we fight we don't cry when we  
try

I've felt driven and I've felt obliged  
I've had feelings like a thorn in my side  
I hope you'll never let us down now  
Boys will be boys

Flooded by sorrow I can hardly restrain  
Everywhere there's guilt laboured with pain  
Chin up, chin up, now  
Boys will be boys

And me say, you better move out the way  
Me come for keep the people, them rockin and swayin  
I'm well serious, I never ever play  
Boys will be boys and there's nuttin' you can say, whey  
Spread the word across the land  
Must make people understand  
I wish I had a magic wand  
Make people unite and live as one  
This goes out to all da gal dem  
And it might send you round the bend  
But boys will be boys listen right till the end

Well it's under my skin so I can never win  
Oh thanks a lot  
We cheat and we lie and we fight we don't cry when we  
try

Boys will be boys  
Boys will be boys till the end
