Jay-Z]  
Uh huh uh, ji ji  
Roc-a-Fella y'all  
Jigga, Rell, nine-eight edition  
This is Roc-a-Fella for life, this is Roc-a-Fella for life  
This is Roc-a-Fella for life, this is Roc-a-Fella for life

I play my parts with the honies hard  
It's gotten even worse now that the money's washed  
Like a letter y'all, the nine-eight find me straight  
Good health, can't complain about my financial state  
What else? I guess tomorrow knows  
I run through chicks like borrowed clothes  
I'm the type of nigga your father oppose, never test Jay  
You follow the code, ese, on my best day  
I'm like God with a blow, bless me

[Rell]  
Baby, why are you chasing that man?  
Knowing that he can't, love you like I can  
I guess you'd rather chase, instead of feeling  
what's real inside, I got to thinking  
And I hope you realize (all this love for free)  
(Better come and get it soon) Hurry hurryahahyyy  
(Please, don't take too long) I want your love babe  
(Before it's all gone, I just wanna put you on)  
The apple of my eye, sweet cherry surprise  
Let me up inside, of your body tonight  
There's so much that we can do  
and I'll do you, know how much I wanna  
taste your lovin, so good (all this love for free)  
(Better come and get it soon) Hurry baby  
(Please, don't take too long) Cause I want your love  
(Before it's all gone, I just wanna put you on)  
(Hurry hurry hurry, hurry baby cause I can't wait)  
(Hurry hurry hurry, cause later on might be too late)  
Gotta hurry (Hurry hurry hurry, tell me whatcha gonna  
do)  
(Hurry hurry hurry, there's too many dimes for me to  
choose)  
Baby you got me (got me goin)

Goin round in circles (tell me why)  
And I can't explain whyaayyyyy (I need your love)  
Can't get enough of your love

[Jay-Z]

Yea yea yea  
In the SL with Rell, music at a high decimal  
Mami frontin, touchin buttons like she spec-ial  
cause she sex well, in the best tell, rapper filla cartel  
Excel-ing like Hyundai, Sunday to Sunday  
it's for the nachoes, come out the clothes  
And baby girl if it's Hammer time, then hide your toes  
The game cold like, five below, but once inside the  
show  
we to' it down; about that money, we throw it around  
So when the ice hit the sun rays, run for shade  
Game's over, we didn't come to play  
The fuck y'all thinking??

[Rell]

Round and round in circles  
(Tell me why) I can't explain why  
(I need your love) Can't get enough of your love  
Baby I've got all this love (all this love for free)  
(Better come and get it soon) Baby baby baby  
(Please don't take too long) I want your love babe  
(Before it's all gone, I just wanna put you on)  
Can you feel me growing baby  
(All this love for free... better come and get it soon...)  
Let me keep it going
