

Voice Of The Beehive "Beat of Love"

Visit "[Beat of Love](#)" on MotoLyrics.com

The beat of love is a nasty one
It's a flame from the devils fire
'Cause nothing is stronger than boys and their eyes
And it's worse when you know he's a liar

It's just the beat of love
It's just the beat of love
It's just the beat of love
It's just the beat of love

The beat of love is a nasty one
They promise you heaven, they promise you fun then
the
Next thing you know you are down on the floor
And you think you're in love, oh heaven above

It's just the beat of love
It's just the beat of love
It's just the beat of love
It's just the beat of love

You take my mind and you cheat it
You take my body and heat it
Then you take my heart and you beat it
And the beat of love goes on

You take my mind and you cheat it
You take my body and heat it
Then you take my heart and you beat it
And the beat of love goes on

It's just the beat of love
It's just the beat of love

The beat of love is a nasty one
People bang on the door to get in
Then one they're inside they just want to be free
And they bang at the doors with a beat they can't see

It's just the beat of love
It's just the beat of love
It's just the beat of love

It's just the beat of love

You take my mind and you cheat it
You take my body and heat it
Then you take my heart and you beat it
And the beat of love goes on

You take my mind and you cheat it
You take my body and heat it
Then you take my heart and you beat it
And the beat of love goes on

It's just the beat of love
It's just the beat of love
It's just the beat of love
It's just the beat of love

The beat of love is a nasty one
There are all kinds of ways to get banged
They'll tell you is violence they'll tell you it's sex
They'll tell you that it's all the same

The beat of love is a nasty one
There all kinds of ways to go down
She slams her hips and then she slams the door
And then wonders why he's not around

Love is a life nerve
A mission, a principle
The grand passion
Temptation

It's just the beat of love
It's just the beat of love
It's just the beat of love
It's just the beat of love
