I'm sleeping right in the middle of a good dream
When all at once I wake up
From somethings that keeps knocking at my brain

Before I go insane I hold my pillow to my head
And spring up in my bed
Screaming out the words I dread

I think I love you

This morning I woke up with this feeling
I didn't know how to deal with
And so I just decided to myself

I'd hide it to myself and never talk about it
And did not go and shout
When you walked into the room

I think I love you, I think I love you
So what am I so afraid of
I'm afraid that I'm not sure of
A love there is no cure for

I think I love you is that what life is made of
Though it worries me to say
That I've never felt this way

Believe me you really don't have to worry
I only wanna make you happy
And if you say hey go away I will

But I think better still
I better stare out and love you
Do you think I have a case
Let me ask you to your face

I think I love you, I think I love you
So what am I so afraid of
I'm afraid that I'm not sure of
A love there is no cure for

I think I love you is that what life is made of

Though it worries me to say
That I've never felt this way

I don't know what I'm up against
I don't know what it's all about
I got so much to think about, yeah

I think I love so what am I so afraid of
I'm afraid that I'm not sure of
A love there is no cure for

Do you think you love me?
I think I love you, I think I love you
I think I love you
