Cupid you promised that you would give me a break.
You said I could make my own choice.
Stupid of me to think I could avoid you again.
Escape all of your little voices.

You've gone and made me want someone I could never
have.
Don't think I don't hear you laughing.
Cupid you've got yourself a brand new enemy.
It's time to get cruel.
I'm calling a duel.

This can be a lovely world,
but you made me a loveless,
You made me a loveless girl.

You made me a loveless girl.
You made me a loveless girl.
Cupid, I spy on you in backs of cars and neon bars.
I see you at firey sunsets.
Aiming your arrow so pointlessly at destiny.
Escape from your poison is narrow.

It's for the strong of heart you should be aiming for.
So just leave me out of your range of fire.
Innocent victims see heaven in each others eyes.
They're only looking at their own demise.

This can be a lovely world,
but you made me a loveless,
You made me a loveless girl.

You made me a loveless girl
You made me a loveless girl
You made me a loveless girl
You made me a loveless girl

(short instrumental break)
Romeo and Juliet
Anthony and Cleopatra
Adam and Eve
Would've been much better off

if you've left them all alone.
I'm shooting cupid.

Cupid you make us dishonest friends with sordid ends.
Make lovers turn blind to their bleeding.
I don't think you're lucky. I don't see you as heaven
sent.
Won't put you on a card of greeting.
To keep humans kind, I'm getting you from behind.
(..you from behind)

You made me a loveless girl
You made me a loveless girl
You made me a loveless girl
You made me a loveless girl

Cupid, you promised.
